## POPE PIUS IS IN THE SHADOWS

### OXYGEN IS USED TO RETAIN LIFE; DEATH HAS BEEN REPORTED

Flashes were sent over the world today conveying the news that Pope Pius X is either dead or in so critical condition that his death may be expected at any minute. The Associated Press dispatches say he is hovering in the shadows, and is being kept alive by the use of oxygen and that there is grave doubt as to whether he will rally. The United Press, the other big American news gathering agency, maintains that the Pope died at noon today, and papers have appeared in Columbus and other cities chronicling the death of the Pope.

The last Associated Press cable came at 3:45, considerably later than the United Press cables and appears to confirm the belief that the Pope is still alive.

The different cables are as follows:

(By Associated Press.)

Rome, Italy, Aug. 19.—Dispatches at this moment do not indicate the Pope is in immediate danger. Nothing to show however that relief has been more than temporary. The above bulletin was received at 4:15 this afternoon.

Rome, Italy, Aug. 19.—For a moment this afternoon doctors thought the Pope was dying through suffocation. Fortunately the patient succeeded in expectorating. The crisis seems over. Oxygen was administered to the Pope but it is not known whether it has given more than temporary relief. Nephritic complications are seriously feared.

(By Associated Press.)

Rome, Aug. 19.—The Pope has had a sudden relapse, a bulletin issued by Dr. Marchisani leaves no doubt that the patient's life is in danger. The Sisters of the Pope are convinced that a momentary crisis has arrived and they are deeply apprehensive. They have lighted candles before the Miraculous image of St. Joseph and remain prostrate in prayer. Earlier bulletin announced the Pope's death and a later bulletin that it is reported that the Pope has received the last communion.

(By United Press.)

Rome, Italy, Aug. 19.—A dispatch announcing the death of Pope Pius X at 2:26 p. m. was received at the New York office of the United Press this afternoon from Rome correspondent, Henry Wood.

(By United Press.)

Rome, Aug. 19.—Earlier messages today indicated that His Holiness was in a very bad way. The first bulletin said that he was suffering with pneumonia and that his sister and a doctor were constantly at his bedside. Later reports stated that Cardinal Merry Del Val, the papal secretary of state had summoned back to Rome all Cardinals.

The cable announcing the death of the Pope was received in New

York at 2:26 this afternoon. The death of the Pope was practically due to a broken heart because of sorrow and worry over the war. Before the war broke out he was in bad shape. He steadfastly held that war was impossible and notified all of the heads of the Catholic church throughout the world to work for peace.

When he heard that Germany had declared war on Russia he realized that the spark for a world war had been kindled. Then his Holiness broke down and swooned and was unconscious several minutes. Physicians were hurriedly summoned to his side and were forced to administer powerful restoratives. He slightly recovered and was able to be about the Vatican.

Most of his time was spent in prayer and in all his devotions impressed his household that his heart was bent on the restoration of peace.

When the Emperor of Austria asked the Pope to send blessings to members of his army the Pope sorrowfully replied that he would send blessings to all the combatants.

As news of the terrible fighting throughout Belgium commenced to reach him at the Vatican the sorrow of the Pope became great. He had long spells of weeping and often prayed for the men dying on the battlefields. Sunday he was too ill to leave

### CARNAGE AT DINANT WAS TERRIBLE

Paris, Aug. 19.—Details of fighting at Dinant between the French and German troops show that the carnage was terrible. The first French company although decimated held a position until another company came up with artillery which destroyed a bridge. The French cavalry then advanced and pushed German attackers back into the Meuse.

### RUSSIA HAS MODIFIED EMBARGO

St. Petersburg, Aug. 19.—The government has issued a decree prohibiting the exportation of petroleum and foodstuffs of any kind. This decree may be modified so that articles may be sent to friendly countries.

### COUNT WITTE PREDICTS

Paris, Aug. 19.—A dispatch received here quotes Count Witte, the Russian statesman, as declaring the war would not last more than two or three months. "It is bound to end," he said, "in the downfall of Germany."

### PRESIDENTIAL NOMINATIONS

Washington, Aug. 19.—President Wilson made the following nominations today: Attorney General James C. McReynolds, to be member of United States supreme court; Thomas Watt Gregory of Texas, attorney general of United States; Frederick C. Howe, of New York, to be immigration commissioner of port of New York.

The nominations were presented to the senate immediately after it convened and was referred to committees. There is some indication of opposition to McReynolds by three or four senators. Administration leaders have no doubt of his confirmation.

his bed. The doctors pronounced his illness as one of bronchial trouble complicated by a gony condition.

At that time the doctors did not think his condition serious, but thought it would yield to treatment. Throughout the day Wednesday his fever increased, however, and his stomach would not retain anything. It was very plain that he realized that he was very ill. He remained conscious, however, and repeatedly prayed. It was plain to those about him that his condition was alarming.

### LATEST WAR NEWS AS IT FILTERS THROUGH RIGID CENSORSHIP

London, Aug. 19.—Complete silence is maintained as to the fortunes of war in the big fight understood to be in progress somewhere along the line extending into Belgium and Luxembourg.

Dispatches give evidence of masses of German troops pushing their way to the front behind an impenetrable screen of cavalry whose dashes search for information of the whereabouts of allied troops and which result in sharp clashes and heavy losses.

The commanders of the allied forces of French, British and Belgium will not permit anything about their positions to become public, and since the official note made known the presence of a large British expeditionary force on the continent, its movement is hidden from the outside world.

At Brussels, it is said, there has been no change since yesterday in positions then reported to be excellent for the allies. The fate of the Liege forts is not definitely known. German dispatches describe them as in the hands of the German army since arrival of heavy artillery, while Belgian military asserts they are still intact and holding out bravely.

In Alsace Lorraine the French turning movement through southern Alsace appears from French reports to be progressing favorably for the French, and this receives confirmation in a dispatch sent out by the Wolff bureau, the German official news agency, saying two batteries of guns were taken by the French who continue to march forward.

All reports refer to preliminary meetings of organized bodies of troops leading up to a great battle which may have already begun. Even leading Frenchmen point out that decisive fighting is yet to come, and too much must not be placed on demoralization of German troops.

### CONVENTION OF NEW YORK REPUBLICANS

Saratoga, N. Y., Aug. 19.—The platform presented to the Republican state convention was devoted largely to the arraignment of the Democratic administration in the nation and the state. The platform says: "We assert that the legislative policy of the Democratic national administration has been deliberately sectional as well as hostile to the great industrial communities of the country and particularly to the state of New York."

### Spies Are Shot

Louvain, Belgium, Aug. 19.—Three spies, a German and Belgian man and woman were tried by court martial and shot for warning the Germans after the battle of Diest of the prospects which awaited them at Haecen.

### SMUGGLING CHINESE

Seattle, Wash., Aug. 19.—Evidence of wholesale smuggling of adult Chinese into the United States disguised as students was laid before the federal industrial relations commission in hearings which closed here last night. The testimony showed that it was worth from \$500 to \$750 to bring Chinese into this country.

### Russian Refugees

Stockholm, Aug. 19.—Fully 1,500 Russian refugees from Germany, most of them exhausted, famished and sick, have gone through Stockholm since the beginning of the war. From 1,500 to 2,000 have arrived daily. Hotels and schools have been used for their housing and are filled to capacity every night.

### BIG FACTORY DESTROYED

Cleveland, Aug. 19.—Fire destroyed a celluloid collar factory here today and seven houses nearby. Two hundred persons rushed to the street scarcely clad. The loss is estimated at \$225,000.

### CHEESE FOR WARRIORS

Quebec, Aug. 19.—At a special session of the Quebec provincial cabinet today it was decided to offer the Quebec military authorities 4,000,000 pounds of Canadian cheese for the use of the armies.

### FALL OF BRUSSELS IS RUMORED AND ITS DEFENSE ABANDONED

Paris, Aug. 19.—Reports that the Belgians have abandoned the defense at Brussels are without confirmation. It is stated, however, that the reports might be true. It is said there never was any serious intention to defend Brussels. The plans center around Antwerp and if the Belgian general staff has departed for Antwerp, it is only in pursuance of the original intention. No information is obtainable of the progress of the battle east of Brussels.

(By Edward L. Keene.)

London, Aug. 19.—Northern and eastern Belgium are a solid battle line. The first real struggle for the gateway through Belgium toward the French frontier is in progress. Fighting, which started at dawn yesterday continues. Despite the strictest censorship in the world's history it is evident that the allied armies are hard-pressed between Waterloo and Brussels. The German fighting machine, wonderfully trained, has pushed all along the line. The army of the Meuse and the army of Moselle are combined. One section is attacking the Namur fortifications.

That Brussels will be taken is considered certain. This is shown in a statement made by a high military authority as follows:

"Brussels is being held out to Germany as a bait. She may destroy Brussels, but the deeper she strikes the more surely her head enters the lion's mouth. History is to repeat itself. A second emperor is to meet his Waterloo." All London papers agree that it is asking too much to expect the allied armies to keep the Germans out of Brussels. They point out that the German forces total 400,000 men and with a reserve picked in the rear, the Kaiser has close to 750,000 men available for this operation. That the British troops are engaged in the present fighting is considered as certain. Reports that Brussels was taken were circulated, but met with an emphatic denial by the Belgian legation. The official statement says: "Brussels is still intact, but a fierce battle is in progress to the east of the city."

Berlin, via Copenhagen and London, Aug. 19.—An official agency states that the forts at Liege have been captured by German troops and that the city and its fortifications will be used as a base of operations in the Belgian campaign. It says that some of the forts were partly demolished by the German artillery, but gives no details as to the fighting or the casualties. Though all the Americans here are anxious to get out of the war zone as soon as possible there is no panic among them. They are receiving courteous treatment from both civilians and soldiery.

The American embassy is besieged daily by applicants for transportation from the country. They have been listed and special trains provided by the government to carry them to Holland.

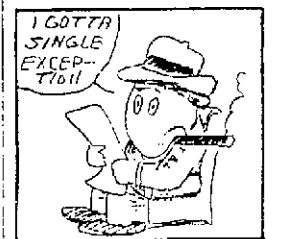

### French Anticipate German Move

Paris, Aug. 19.—Careful study of the military situation on the northern frontier leads French military observers to the conclusion that the events transpiring in Belgium today are the beginning of operations on an immense scale. Germany it is declared is making a fresh and mighty effort to break into France through the comparatively open Belgian country. Government opinion in Paris, however, is confident that the allies will be able to meet this shock successfully and reply to it crushingly.

### Emperor Is Staking All

Paris, Aug. 19.—Interest in the situation in Belgium has distracted the attention today from the French operations in Alsace Lorraine. It is realized that the

Kaiser is staking everything on one offensive movement through Belgium. German infantry is reported moving steadily forward. No word has been received direct from Brussels, but whether this is due to censorship or the occupation of Brussels by the Germans is not known.

### PLANNING WAR INSURANCE

Washington, Aug. 19.—Chairman Alexander, of the house merchant marine committee, introduced a bill to provide for war risk insurance for American ships during the war.

Several plans were proposed and it was agreed that a bill would be introduced which will provide for the purchase of an adequate number of ships with operation through a corporation to be controlled by the government, as the Panama Railroad Company.

The president's statement yesterday that the effect that we are all Americans and should conduct ourselves as such hit me just right. Then his sentiment was exactly. But I gotta single exception I make. I refuse to concede that the guy who's responsible for the present hold up food prices is an American. He might be an American traitor but it's a cinch he's no American. Here's my weather:  
Ohio—Unsettled tonight and Thursday, probably local thunder showers.  
Kentucky—Fair tonight and Thursday.

## "POISONED BY THE GRIP"

"The grip is no respecter of persons. An acquaintance of the late exempt from it. The grip is not a fatal disease but it leaves its victim in such a debilitated condition that one of our foremost medical writers has been led to say, 'It is a condition of the body which renders the individual liable to be crippled in health for years after an attack.' It is a common thing to hear people date various ailments from an attack of influenza.

The condition of those who have had the grip is one that calls for a tonic for the blood. Dr. Williams' Pink Pills are especially adapted to meet this need as they purify and enrich the blood, tone up the nerves and give vigor, strength and health to the debilitated system.

"The grip left me without any vitality whatever," says one who has found relief. "I lost all appetite and was feeble and nervous. I was unable to do my work and I was going to give up. My friends thought I was going to die. I took my first bottle of Dr. Williams' Pink Pills and I am now as healthy as ever. The details of my recovery are in the booklet 'Building Up the Blood' which will be sent free on request to Dr. Williams Medicine Co., Schenectady, N. Y."

The great Shakespearean drama "Othello" in five parts, will be the big attraction at the Lyric tomorrow, one day only. This great picture is heralded as one of the real masterpieces of the film world. It was staged in Venice, Italy, on the authentic locations, that Shakespeare had in mind when he conceived the story. Think of it, made in Venice, the very fountain head of romance and adventure. The waterways of historic Venice with their tales of centuries old, of passionate love and fierce vendettas. The indolent, dreamy sweep of those gondola-ridden highways are scenes of the quaintest stories in any language. For the making of

## Miss Dolly Wise

She is here to answer any and all questions concerning love, matrimony, troubles, work, etiquette, etc. Inquiries should be addressed to Miss Dolly Wise, care The Daily Times, Portsmouth, Ohio.

Dear Miss Wise.—Would you please give names of secretaries of following orders: Eagles, Elks, Knights of Pythias, Masons, Tribe of Ben Hur?

H. M. G.

Eagles—Wm. N. Gableman, Elks—Clarence Nodder, K. of P.—Magnolia Lodge—Philip Farr, Massie Lodge—Otto Y. Correll, Ben Hur—Thomas McLaughlin, Masons—A. J. Fuller.

Dear Miss Wise.—I am thinking of procuring bottles and labels and making ketchup and other table relishes for sale, and would like to know if I could have to license to sell them, and could you tell me where I could buy the bottles and do you know where I could get labels printed? Any information on this subject would be appreciated.

COUNTRY HOUSEWIFE.

I hardly think you would be compelled to secure a license to sell on such a small scale, unless you decided to make a house to house canvass for trade. That would come under the head of peddling. You have as much license to sell your wares as the farmer who comes in once a week to sell garden truck. He is not required to take out a license. To secure bottles you might apply to a local second hand store or drug store. They often have an extra supply on hand. The labels you can have printed at any job printing plant in the city at a reasonable price.

Dear Miss Wise.—Do you know of any one who keeps lady boarders, or roomers in Sciotoville? Also of any families who would want washing done at their homes there?

ANNIDORS.

I know of no place in Sciotoville where they keep lady boarders, although you might get a place in a private family. I suggest that you advertise for the position you want. It will end you very little.

Dear Miss Wise.—Which do you think is the worst for girls to do, to sit in Teney Park or York Park, or running the streets? Do you think it is proper for a girl and fellow to sit in a dark room?

A READER.

In the daytime there is no harm in girls sitting in either park. At nights they should be home with their mothers. "Running the streets" is one of the worst habits a girl can acquire, and soon tends to shade your reputation. A girl has no business sitting in a dark corner with a fellow, although at some parties it is often permitted in certain "rooms". It is an unwise thing to do at best.

Dear Miss Wise.—Is it necessary to remain at the reception to the bride's departure?

FIRELIPS.

It is not necessary to remain until the bride departs. After one has extended congratulations to the bride and groom one may go to the dining room for refreshments and then go away. Or he may depart immediately after the bride's departure.

Dear Miss Wise.—What will days in Cincinnati.

keep my feet from perspiring. I bathe them daily? Will the old dances, such as the waltz, two-step, rye-waltz, and minuet, be danced much the coming winter? RED HEAD.

Use an astringent powder. Yes.

Dear Miss Wise.—Do you think it proper for a fellow to kiss a girl if she does not object, after he has called on her several times? Should a girl object if a fellow calls up in the afternoon and makes an engagement for the evening just because his girl is away on a vacation trip and because he has no other girl for that evening? FRED.

If she hasn't sense enough to object he ought not to take advantage of her ignorance. Not if he is worth spending an evening with and you feel his girl would not object.

Dear Miss Wise.—What will happen if boys? Is it all right to invite boys to a linen or kitchen shower? MARY ANN.

Alcohol. It isn't customary.

Dear Miss Wise.—A young man has asked me to become his wife, and while I care a great deal for him I hesitate to promise at this time. I like to have a good time and think that after one is married there is too much responsibility to go as much as I do now. I am 19 years old. If I promise to marry him he is going to another city because his opportunities are better elsewhere. If I don't go with other young men my relatives, with whom I live will surmise that I am engaged and I don't want them to know it. Would it be all right to promise to marry my friend and then go with other fellows if my friend consents? I have not asked him if he would consider such an arrangement.

MISS TIMIDITY.

I do not think you are in the right state of mind either to marry or become engaged. If this young man perfectly suits you, although you might get a place in a private family. I suggest that you advertise for the position you want. It will end you very little.

Dear Miss Wise.—What will days in Cincinnati.

Dear Miss Wise.—I have been keeping steady company with a young man three years my senior, for about five months. He has always treated me very nicely, has taken me to church, entertainments, any place I wished to go, has always been true to me. He is a good moral man and seems to think a great deal of me, but he is of a jealous disposition and accuses me of receiving attentions from other young men. This is not true. Do you think he will always remain jealous? Do you think one of a jealous disposition can love the same as any one else? Do you advise me to give him up on that account? I am 18 years of age. E. H.

You are too young to keep steady company with any young man, and this young man hasn't any right to be jealous of you.

Dear Miss Wise.—Will you please write a recipe for two gallons of ice cream and all about how to make it? CONSTANT READER.

The following recipe makes one gallon of ice cream. Double the quantities to make two gallons:

Boil the yolks of four eggs in a quart of good milk, with two tablespoons carmelita. Be careful not to scold. Then run through fine sieve to get it smooth and add one quart of good cream (rich milk will do), three cups granulated sugar, vanilla flavor and the beaten whites of the four eggs.

If you don't want to use more eggs and have two gallon freezer, fill freezer with milk and you will have a good ice cream. Be careful not to fill freezer too full, however.

Chop ice fine. Have plenty of rock salt on hand. Set freezer, and pack around it alternate layers of ice and salt. Be generous with the salt. Then turn the freezer until the cream is frozen; then can, remove the paddle, put in ice and salt, packed tightly about it and leave until ready to serve.

## MEN WHO MAKE KAISER'S DELAY ON WAY TO PARIS FATAL

Two groups of the picturesque Russian artillery, the fiercest and cruelest fighting men in the world

Paris, Aug. 19.—The unexpected delay with which the Kaiser's forces have met at Liege and Namur makes victory for the Germans over the forces of the Triple Entente an impossibility. It had been the plan of the German military authorities that that length of time there is but to crush their troops through Belgium's neutral territory, without resistance, and into France. Every day that has been delayed has not only

West, leaving the Russian frontier with but little protection. With the Russian millions massed and in fighting shape it will take but little time to overthrow the German nation. Each day of delay carries Germany away from possible victory. She had planned first to cope with France, then with England, and to be ready with all her forces to meet Russia when the Russian advance started.

## COUNCIL WILL PASS ON "EXTRAS" TONIGHT

Council session Wednesday evening promises to be brief, although this has been the advance opinion for the past several meetings, while the meetings developed into long, tedious sessions.

Legislation approving the settlements made with the contractors of the new water works for extra work, appropriating the money for the settlement, and authorizing the payments will be introduced by City Solicitor McMill. These include a payment of \$75,000 to John A. Grimes on Division No. 2 of the work, and one of \$5,188.21 to the Continental Sewer Filtration Company for Division No. 4 of the work. Settlement has already been made with the John H. McGowan Company for its extra work, while those of the Neola Building Company are still in dispute.

Nothing will be done in regard to the ordinance extending the term of the chairman of the street commission, received a letter from A. H. Hannan, N. & W. attorney, Wednesday morning, telling him that J. E. Crawford, chief engineer of the company, would have the final correct plans and estimates ready for the council Friday of this week. This matter will probably be brought up at the adjourned meeting of council on the early part of next week.

It is also likely that the ordinance extending the franchise of the Portsmouth Street Light and Light Company, to carry poles and carry wires along the street for three years will be given its second reading Wednesday evening and may be passed under a suspension of the rules.

Another ordinance, appropriating \$2,000 for miscellaneous expenses about the new water works, including flood protection and expense of sundry supplies will be introduced. No other matters of importance were scheduled for the meeting.

Mr. and Mrs. Newton Reis and Flora Reis will leave Thursday for Cleveland. They will return by way of Cincinnati. During the trip they will study and purchase goods for Anna Reis' millinery store for the coming fall season.

Mr. and Mrs. W. W. Weber and daughter, Mary, Mrs. Mary E. Gasch and sister, Mrs. John A. Gasch, who have been visiting in Portsmouth, returned to Columbus last night.

## FILES AN AFFIDAVIT

An echo of the fight at Ninth and Chillicothe streets about a week ago between O. D. Jackson and C. P. Weaver, telephone line men, in which the latter was badly worsted, was heard in police court Wednesday afternoon, when Weaver filed an affidavit against Jackson, charging him with threatening to do him bodily harm. Jackson will be ordered into court to answer to the charge. Jackson administered a beating to Weaver about a week ago when he is alleged to have come across letters that had been written to Weaver from his wife, who was on a visit to West Virginia. Both were later fined in police court.

## NEW WATER WORKS STARTS ON THURSDAY

Pumping at the new water works will be started Thursday morning, according to an announcement by Service Director Gergens, Wednesday. Everything has been ready to start for three or four days, but the officials have been waiting the arrival of a representative of the John H. McGowan company from Cincinnati to supervise the starting of the pumps so that any trouble due to the inexperience of the employees can be avoided. The representative arrived Wednesday at noon, and unless something happens to prevent it, the pumps will be started Thursday morning.

Steam has been raised in the boilers for the past few days, and from all indications the plant is in tip-top condition for the initial operation.

Columbus, O., Aug. 19.—The comparatively light vote cast at the recent primary election is causing again an agitation of the question whether compulsory voting should be employed. It has been brought up in general assemblies many times in recent years but never very seriously considered. The constitutional convention of 1912 did seriously consider the question but the opposition was too great for the movement to get beyond the more discussion stage. However, the prospects are that the subject will be taken up by the next session of the general assembly and in a serious frame of mind. The legislators will have at their disposal a survey of the question prepared by the attorney general's office, and a report of the state legislative reference bureau. This survey is based on investigations in various parts of Ohio of the question of voting in general. The main point to be decided naturally is whether anything of definite advantage could be gained by compelling voters to go to the polls under penalty of a restricted suffrage or of some other punishment. Reformers in recent years have declared that the political boss drew his power largely from the fact that only a limited number of people went to the polls and that most of them went at his bidding. Political pundits agree that an advantage does accrue to the boss from the fact that when citizens generally are disinterested, a small percentage of the total electorate do have the power to control an election. But whether this trouble could be remedied by compelling all voters to go to the polls is a question that puzzles the best thinkers. The stock argument against compulsory voting, of course, is that it exercises a constraint upon the voter that is not in keeping with the freedom promised by the constitution. It is argued, in other words, that this sort of constraint is a limitation upon the implied freedom of the voters and in a milder sense at least is a restraint even as a measure might be preventing the voter from voting at all. Any way the only certain thing about it is that the question of compulsory voting will be one of the prime considerations facing the assembly next winter.

Friday is the last day of the period for filing candidates' expense accounts and a penalty is provided for failure to adhere to the law requiring expense accounts to be filed. However, in some sections of the state it seems that one part of the law is being overlooked. This is the part which compels a filing of expense accounts not only by the candidates, but also by any agency, whether individual or corporation, that has had an interest in influencing or attempting to influence an election.

Tuesday the state pure food department started a thorough inspection of the Ohio canning factories, to see if they are complying with the regulations for cleanliness in their operation. This inspection is being made by Bert S. Bartlow, chief of the department, and L. G. Brannan, canning factory inspector. This is the busiest part of the season for these factories.

State Insurance Superintendent Robert M. Small says that the European war will not have an adverse effect on policies carried by Ohio residents in insurance companies at that country authorized to do business in the Buckeye state. Each of these companies has \$100,000 on deposit in the state treasury for the protection of the policyholders. He says that he sees no reason why policyholders should be perturbed. He offers no such assurance to persons who hold policies in foreign companies that are clandestinely

doing business in the state in violation of its laws. Superintendent Small will cheerfully give information about the standing of any company.

Thursday he speaks at a farmers' picnic at Lyndon, Ross county, and Friday he will be at a Chautauque at McConnelsville.

## OBITUARY

**Mrs. Harry Moore**  
Death brought relief to the suffering of Mrs. Harry Moore of Chicago, formerly Miss Bird Brushart, of this county, at the home of her brothers, Henry and Floyd, near Lucasville, Monday afternoon. She had been a patient sufferer with tuberculosis for several months, and three weeks ago when it was evident that the end was near, she expressed a desire to return to her old home to spend her last hours on earth.

Mrs. Moore has been a resident of Chicago for several years, where her husband holds a responsible position. J. J. Brushart and Mrs. Sara Brushart of this city are an uncle and an aunt of the deceased, respectively, and numerous other relatives reside in the city and county. The body was taken to Columbus Wednesday morning, where it will be held, pending the arrival of the bereaved husband. Definite funeral arrangements will not be decided upon until his arrival in Columbus.

# Wants Home Missionaries To Work Around The City

## Say Dr. P. W. Young Will Be Chairman

Prompted by the continual Saturday night episodes in which the colored and foreign element usually play an important part, Mayor Frick has addressed a letter to the Ministerial Association, in which he asks the co-operation of the members in bringing about a better state of order.

The mayor suggests that the negro ministers of the city visit the camps and haunts of the construction gangs, mainly composed of negroes, and extend invitations to the men to attend church services on Sunday, and also to arrange for religious meetings on the Sabbath day, so that the men can have something to occupy their minds on their day of rest.

The mayor further suggests that the association interest itself to the extent that literature, written in their native tongue, be distributed among the foreign element temporarily employed about the city, and that an effort be made to send speakers to their camps and temporary quarters who can address them in their own language.

Attention of the pastors is called to the fact that missionaries are sent across the ocean to reclaim the uncivilized and heathen people, and the mayor thinks that conditions in this country should not be overlooked. In conclusion, he adds that from his observation, all that the men have to do on Sunday is to play cards, drink to excess, gamble, and do other things that are not conducive to good order.

## Victim Still Unidentified

The unidentified victim of the N. & W. freight wreck near Perintown last Sunday afternoon, is being held at a Cincinnati morgue, awaiting some word from relatives or friends. ## WILL WARE AUTO AND STREET CAR COLLIDE

Seventeenth and Waller streets were the scene of a collision between a Hill-top street car and the Will Ware automobile, about 2 o'clock Monday afternoon, which fortunately was not attended with any fatalities. The automobile was badly scratched on one side and the front end buckled, but it was driven away on its own power and later repaired at a local garage.

The automobile, which was being driven by Mrs. Samuel Timmons, was headed north on Waller street, while the street car was coming west on Seventeenth street at normal speed. Neither the driver of the automobile nor the motorman of the street car, James Bauer, noted the approach of the other until too late to avoid a collision, but Bauer brought the car to a stop before serious damage was done. The street car struck the machine just behind the left front wheel, but not with sufficient force to do much serious damage.

In the automobile at the time, besides Mrs. Timmons, were her husband, Mr. Samuel Timmons, and the owner of the car, William H. Ware. None of them was injured in the slightest. The general theory advanced is that it was an unavoidable accident.

## Has Grim Mementos Of Mountain Battle

Andrew Wilson, a well known N. & W. engineer of this city, rounded in home Tuesday morning from a trip through West Virginia bringing with him collar buttons and other articles that are grim reminders of the big battle between a posse and the Italian bandits who robbed and killed some Glen Alum Coal Company officials. He got the articles of the dead bandits as their bodies lay on the station platform at Warrenton, W. Va. Mr. Wilson was in that section while the man hunt was in progress and talks interestingly of the exciting events.

## Local Couple Steal March On Friends

News of the marriage in Catlettsburg, Ky. on Thursday last, of William Schackart, seventeen-year-old son of Mr. and Mrs. John H. Schackart, of 611 Market street, and Miss Alma Henning, 17, daughter of Mr. and Mrs. George E. Henning, of 2121 Gallia street, was received by friends of the couple Tuesday from Dayton, where the youthful pair are now happily domiciled.

Schedule a march on their many friends, they left Portsmouth Sunday last Thursday for Catlettsburg, Ky., where the knot was tied by a minister of that city. From Catlettsburg they crossed the Ohio river to Dayton, and at that place boarded a train for Dayton, where the young groom has relatives. He has since secured a position as clerk in a retail grocery store in Dayton, and will make that city his future home.

## Crowds At Carnival

The attendance at the Owl's carnival Tuesday evening exceeded that of the opening night and all of the shows did a good business.

One of the big features of Tuesday night's program was the fireworks display and a high wire act given about ten o'clock.

The fireworks shows have several attractions which they left on their train for want of ground space at the old mill lot in the West End but all of their attractions are of a high class order and there is no room for complaint on this score.

The country store of the Owl's is proving all that was expected of it and the boys will realize a long one on their venture. Happy Jack, the largest man in the world, weighing 740 pounds, continues to prove a strong draw for card. Happy Jack only a few days ago received the medal awarded him as first prize in a recent newspaper fat men's contest that attracted attention throughout the country.

## HAVE DARK HAIR AND LOOK YOUNG

Don't say gray! Nobody can tell when you darken gray, faded hair With Sage Tea and Sulphur

Grandmother kept her hair beautifully darkened, glossy and abundant with a touch of Sage Tea and Sulphur. When over her hair fell out or took on that dull, faded or streaked appearance, this same mixture was applied with wonderful effect. By asking of any drug store for "Weyth's Sage and Sulphur Hair Remedy" you will get a large bottle of this old time recipe, ready to use, at about 50 cents. This simple mixture can be depended upon to restore natural color and beauty to the hair and is splendid for dandruff, dry, itchy scalp and falling hair.

A well-known downtown druggist says he regularly uses Weyth's Sage and Sulphur, because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. Its morning use gives your hair disheveled, after another application or two it is restored to its natural color and looks glossy, soft and abundant.
